Subject: RE: data needed

Julie , here is an estimate of time to do a cocaine trafficking including printing and notarizing of certificate. CBS

1 bag /item.....1 hour

5 bags/ item.....2.5 to 3 hours

20 bags/ item.....11 to 12 hours

Heroin would be slightly less because no crystals are done

Marijuana, non trafficking, single bag / item..... 15-20 minutes

Importance: High

Hi Guys,

I know this is a pain in the neck to do but can you please quantify the number of samples, by type (drug) and indicate any trafficking specimens that were analyzed with the overtime money. The goal here is to project how many samples we could test with a sum of money, i.e., with \$5k we could test y, with \$50K we could test YYYY. We would use this to make a case for some additional OT funds internally AND from our public safety partners.

Thanks,
Julie
